Nealy's "A Personal Touch" Flooring www.nealysflooring.com

Quality Flooring & Carpeting at the Best Possible Prices

Knowing, loyal customers never have to depend on big box stores for their flooring needs. They just head over to the family-owned Nealy's Flooring in Kitchener. "Homeowners love that we have the latest and most unique flooring in town at the best possible prices," Glen Nealy says. "We have it all right here and we stand behind everything we do."

And they do a lot! Personal service, no-pressure sales, fabulous prices, complete installation of floors and carpets! This 2,500-square-foot store is a one-stop experience. Glen has been installing floors for 35 years and their store, now a decade old, has reaped consecutive Readers' Choice awards, including the coveted Platinum for "Best Shopping All Around". Glen and his wife Lois take special pride in giving their best in personal service. They've helped satisfied

homeowners modernize and, in some cases, completely transform their spaces.

Even small projects can reap large rewards when looking for that perfect floor to offset a room. Nealy's Flooring offers choices to suit every budget and amount of renovation, whether for a single room or throughout the entire home. Look no further for backsplash tiles, an array of quality carpets, ceramics, flooring materials, natural stone, luxury vinyl tile, eco-friendly products and engineered hardwood.

With so many choices, you'll undoubtedly enjoy a free consultation, either in store or, even better, in your own home. Glen and Lois will want you to take your time and take samples home and try them on for size. The consultation process is important to ensure you're getting the right floor for the

right area in your home. Laminate flooring, for instance, is a durable alternative to hardwood floors for high-traffic areas, and Glen and Lois might steer you towards such brands as the scratch and stain resistant Tarkett or Mannington. Their knowledge of floors and carpets translates to long-lasting value in your home. Come on in and see other exciting brands, such as Satin Flooring Hardwood, Midgley West, Sarana Tile, Beaulieu Canada, and so many more.

Rugs and carpeting are other areas of Nealy Flooring's expertise. They are available in a variety of synthetic and natural fibres that include wool, nylon, polypropylene and blends of wool and nylon. Matching the right carpet fibre with your needs will ensure your carpet performs to meet your expectations for years to come. Glen cautions against a company's three-for-one price: "Offers like these might not include underpadding or tack strip and their installation, and you want to ensure that installers are knowledgeable and detail-oriented. Nealy's Flooring has a solid reputation for offering competitive

price-points and doing work right the first time. We have no hidden fees and our work is guaranteed. We're not going anywhere either. Our customers have come to rely on us for our honesty, craftsmanship, quality products and services."

Nealy's Flooring wishes every one a great summer and is grateful to the community for their continued support over the years. Drop into their beautiful showroom, bring in your project ideas and get ready to be inspired!

LOCATION: 500 Bingemans Centre Drive, Kitchener. For more information, call 519-570-0008, or visit their detailed website at www.nealysflooring.com.
